

Grounded in Fun

Play- Potluck & Planning

February 25th 2010

PLAY –

We started our community evening with a heated soccer game, heated in that everyone was rosy cheeked when they arrived starved and ready for the potluck right at the strike of 6pm. When first Sabine arrived to let the rest of us know it was dinner ;) Dad said its 6!

Hope someone got a photo or two of the game or will write more about this Fun'ness';) and let us know the plan for the next fun day !

Thanks to Michelle for arranging the grounded in fun part of the night ...

POTLUCK - We had a great spread of food, of course, and the big hit in my opinion was the red coleslaw.. so super tasty.

It's been a long time since we broke bread at Sundance, and something most of us will agree is a wonderful experience. So we are thinking about planning more ...

Bring a dish, bring some fish, bring whatever you may wish.

Bring your cutlery, plate and cup

Bring your sister, uncle or pup.

Bring your wits, your laughter too

Bring whatever Potluck means to you!

Okay... so taking photos of people eating.. isn't the best idea ☺ Next time we make them all posed and not action shots !

Mrs. Hardy Happily

served Juice to the thirsty crowd!

Then there was an amazing homemade cheese cake, (made by the mystery parent who slipped in and out)! So good.

Notice who was first in line and the last to finish too ;) I think she had at least three platefuls of food 😊

We shared food and conversation all while being surrounded by the past unity art of the Sundance Gymnasium. Then inspired by the games, the tasty meal, and the art around us, we got to work!

PLAN- We got working on the design for the mosaic project by asking everyone to draw on the idea of “Grounded in Fun” ..

Thinking in terms of shapes and abstractness...

It was super to see all the people lying on the floor drawing huge designs...

One by one pictures were finished and proudly photographed.

While around the room people worked together on smaller pieces ... creating the beginnings for the design of our project.

Then we hung them on the wall to display our ideas ;)

Great night!

Thanks everyone for coming out and playing together.

We are thinking about more potlucks – one per month? Going forward this year, they are easy and fun, interactive and simple. Bring a little food, do a little chatting, sit around and hang !!

Maybe we could even think about gatherings at each other's homes? What about Spring Break? I think we may like to host a gathering and then maybe a BBQ at the school in early April. It was very enjoyable evening with friends.

PLAY-POTLUCK & PLAN was Perfectly Perfect!
